CAMELLIA CULTURE

The Camellia is a sour-soil plant, needing much the same soil as an azalea.

Good garden soil, to which has been added liberal amounts of leaf-mold and manure, so that it has an acid reaction, is good Camellia soil.

Heavy soils should be lightened by adding sand. Be sure the drainage is good, as Camellias will not grow in boggy ground.

HJORT'S FANCY CAMELLIAS

The Camellias, commonly called "Japonicas," are the most valuable flowering shrubs or small trees in the gardens of the Lower South. For the past ten years we have been diligently collecting Camellias from many sources, and now have a very fine collection. We are listing 50 named varieties, and have many more for which we have not been able to get correct names, some of which are very choice kinds. Our Camellias are mostly pot-grown, vigorous plants, not to be compared with inferior, layered plants which usually have poor root-systems. The growing of quality Camellias is a specialty with us.

GROUP 1

PRICES OF CAMELLIAS, UNLESS OTHERWISE NOTED

	Each	12		Each	12
8 to 12 in.	\$1 00	\$10 00	18 to 24 in.	\$3 00	\$30 00
12 to 15 in.	1 50	15 00	2 to 2½ ft.	4 00	
15 to 18 in.	2 00	20 00	2½ to 3 ft.	5 00	

Alba Plena. Full, very double and regular; pure white, wax-like. An early bloomer and great favorite. 8-12 in. to 18-24 in.

Augusta Delfosse. Large, loose peony-form; cherry-red. 8-12 in.

Candidissima. Double; imbricated; white. 12-15 in.

Chandleri elegans (Pride of Emperor's Garden). Semi-double; deep pink and white; loose peony center. 8-12 in. to 18-24 in.

Cliveana. Large; peony-form; solid pink. 8-12 in. to 2-2½ ft.

Concordia (Prince Albert; Beautiful). Very variable loose peony-form; mostly pink and white. 8-12 in.

Countess of Orkney. Double; white with fine pink stripes, occasional solid pink flower. Very early. 8-12 in. to 15-18 in.

Duchesse d'Orleans. Fairly large; loose peony-form; creamy white with faint pink flecks. 8-12 in. to 18-24 in.

Duchesse de Casas. Large; peony-form; pink and white. 12-15 in. \$2.50 each.

Gigantea. Large; peony-form; white with few red stripes. 12-15 in.

Gloire de Nantes (Leana superba). Large; semi-double; very deep rose, long yellow stamens. Large foliage.

Hermé (Hikari Gengi; Jordan's Pride; Jenny Lind; Souv. de Henri Gouchard). Large; loose peony-form; light pink with white edges and pink and red splashes.

Honor of America (Gunelli; Monarch; Red Ball). Large; double peony-form; deep pink to light red, often spotted white.

Il Tramento. Largest of double-flowering Camellias. Some flowers are rose-pink, others pink with white spots. 12-15 in. \$2.50 each.

Kilwingtonia (Kellingtonia). A strikingly beautiful large peony-form Camellia; red with white splashes. 12-15 in.

Lady Vansitti. A rare and choice Camellia with carnation-form flowers of deep blood-red. Distinct, pointed foliage. 8-12 in. and 12-15 in.

Marchioness of Salisbury. Very showy peony-form; some flowers are dark red while others are dark red with white splashes. 8-12 in. to 18-24 in.

Mathotiana alba. Large; double; white. Large foliage; late bloomer.

Mme. de Strekaloff (Gen. Lamoriciere; Punctata major). Semi-double; pink and white. 18-24 in.

Mrs. Abby Wilder. A lovely peony-form; white with faint pink stripes.

Mrs. F. L. Gibson. One of the most delightful of new Camellias. Single; pink and white variegated. Dark, glossy, unusual, rounded foliage. Very early. 8-12 in. to 2-2½ ft.

Nobilissima. Semi-double; approaching loose peony-form; white. Very choice. 12-15 in.

Pink Perfection. Double, bright shell-pink, waxy flowers. Very free flowering.

Prince Albert (Concordia; Beautiful). Loose peony-form; pink and white, and a wide variation of color combinations. 8-12 in.

Prof. Sargent. Very double; "pin-cushion" form of peony type; solid crimson. Very early. 8-12 in. to 18-24 in.

Reine des Fleurs. Double; high-centered flowers; rich vermilion, flecked with white. 8-12 in.

Semi-Double Blush. A chaste and beautiful Camellia. Almost single; blush-white, showy yellow stamens. 8-12 in. to 18-24 in.

Sweeti vera (Duc d'Orleans; Lewelling Variegated). Exquisite; large; semi-double; white with markings of delicate pink, occasionally a solid pink flower. 8-12 in. to 18-24 in.

Tricolor Sieboldi. Semi-double; variegated pink, red, white, in combination, often solid coloring; very variable. 8-12 in. and 12-15 in.

Triphosa. Large; single; white with showy yellow stamens. 8-12 in. to 18-24 in. Prices, double Group 1.

Wm. S. Hastie. Large; double; deep red. Very choice. 8-12 in. to 15-18 in.

The prices in this folder cancel all previous ones, and are in effect until a new list is issued

MEIGS' VARIEGATED

GROUP 2

PRICES OF CAMELLIAS

	Each	12
8 to 12 in.	\$0 75	\$7 50
12 to 15 in.	1 00	10 00
15 to 18 in.	1 50	15 00
18 to 24 in.	2 00	20 00
2 to 2½ ft.	2 50	25 00
2½ to 3 ft.	3 00	30 00

Altheaflora. Large; semi-double; rich pink with orange tint. Glossy foliage. Vigorous grower.

Carnation (Christmas Glory). Carnation-form; bright red. Very early.

Dixie. Double; rose-pink. Profuse bloomer. Compact, strong grower. Believed to be a light-colored Sarah Frost and same as Rosita of some growers. 8-12 in. to 15-18 in.

Gaiety. Medium size; semi-double; deep red, splashed white. Compact grower. Large, dark green foliage.

Imbricata. Large; double; deep pink to light red, occasional white spots. Dark green, twisted foliage. 8-12 in. to 18-24 in.

Imperator. Medium-sized flowers of delightful deep pink to light red with no variation; large outer petals and small, fluted petals in center. Dark green foliage. 8-12 in. to 18-24 in.

Jarvis Red. Large; semi-double; deep blood-red. Large foliage. 12-15 in. and 18-24 in.

Lady Marion. Large, bright pink, double flowers. Distinct, large, rather rounded foliage. A favorite at Thomasville.

Lily. Medium size, creamy white, double flowers. Profuse midseason bloomer.

Maurice Hurst. Local name of a fine Camellia at Pelham, Ga., and possibly is Enrico Bettoni of some growers. Very large; loose; semi-double; rose-pink. Large foliage. Fast grower. One of the most satisfactory of all Camellias.

Meigs' Variegated. Large; light rose-pink, sometimes splashed white; full double. Distinct, glossy, somewhat pointed foliage. Fast grower. Early and profuse bloomer. We always highly recommend this dependable variety.

Rev. John Bennett. Deep salmon-pink; semi-double; center petals interspersed with showy yellow stamens.

HJORT'S ROSES, continued

HYBRID PERPETUAL ROSES

Baroness Rothschild. Delicate shell-pink.
Duchess of Sutherland. Peach-pink; large.
Frau Karl Druschki. The one pure white Rose, better known as White American Beauty.
Georg Arends. Soft rose-pink. A lovely Rose.
Gloire de Chedane-Guinoisseau. Dark velvety red.
Gloire Lyonnaise. Large, creamy white flower. Thornless stems.
Heinrich Munch. Immense flowers of shell-pink.

Hugh Dickson. Crimson; full and double.
J. B. Clark. Intense crimson. In this section the favorite red Hybrid Perpetual.
King George V. Valuable English Hybrid Perpetual. Deep red.
Marshall P. Wilder. Deep crimson; large; fragrant.
Paul Neyron. Deep pink; immense. A favorite in its class.
Ulrich Brunner. Deep red; shaped like Paul Neyron.

CLIMBING ROSES

American Pillar. Beautiful single Roses borne in clusters; deep pink with white eye. Profuse spring bloomer.
Beauty of Glazenwood. Orange-yellow, with red-tinted. A good climbing Rose.
Chaplin's Pink Climber. Pink replica of Paul's Scarlet Climber.
Climbing Maman Cochet. A vigorous sport of the bush variety. Good bloomer.
Cl. Marie van Houtte. Sport from the bush variety and identical in color.
Cl. Mlle. Cecile Brunner. A strong climbing form of the favorite Sweetheart Rose.
Cl. Mrs. Aaron Ward. Good yellow climber.
Cl. Mrs. Charles Bell. A climbing form of the popular shell-pink Radiance. Good bloomer.
Cl. Perle des Jardins. Yellow climbing Noisette Rose similar to Marechal Niel but more vigorous.
Cl. President Hoover. Strong climbing form of a favorite Rose.
Cl. Radiance. A fine climbing Rose, developed from the bush Radiance, universally the most popular Rose. Constant bloomer.
Cl. Red Radiance. Very satisfactory climbing Rose. Sport from the bush Red Radiance. Constant bloomer.
Cl. Talisman. A vigorous sport of the bush Talisman and identical in color.
Cloth of Gold. Sulphur-yellow, deeper center. Good bloomer.
Daydream. One of the finest of the new Australian climbers. Large, semi-double, rose-pink flowers. Fairly continuous bloomer. Vigorous.
Dr. Huey. Semi-double; very deep red. Profuse spring bloomer.
Dr. W. Van Fleet. One of the most beautiful of flesh-pink Roses. Profuse spring bloomer.
Heart of Gold. Single; deep scarlet, with showy stamens in center. Spring bloomer.
Jacotte. Rich orange-apricot, with coppery red tints. Very good.

Kitty Kininmonth. Glowing deep pink. One of the best new Australian climbers. Large, semi-double flowers. Fairly continuous bloomer.
Marechal Niel. A great Southern favorite. Deep yellow.
Mary Wallace. Large; deep pink. Profuse spring bloomer. A delightful variety.
Mme. Gregoire Staechelin (Spanish Beauty). A delightful pearl-pink climbing Rose; fragrant. Free bloomer.
Paul's Scarlet Climber. The most popular climbing Rose in the Southeast. Brilliant scarlet flowers, borne in great profusion in early spring.
Pink Cherokee. Glowing pink, single flowers, borne in great profusion in earliest spring.
Red Cherokee. A red form of the above.
Reine Marie Henriette. For many years the leading red climbing Rose. A great favorite.
Reve d'Or. At Thomasville this is the most popular of yellow climbing Roses.
Scorcher. A red variety of the new Australian climbers.
Silver Moon. Large, pure white, single flowers in great profusion in spring.
Sunday Best. A very showy Rose. Large, deep pink, single flowers, borne in clusters.
White Banksia. Clusters of small, double, white flowers borne in earliest spring.
White Cherokee. The well-known, single, white-flowering Rose used so much in the Southeast. Very early bloomer.
William Allen Richardson. Medium-sized deep orange-yellow flowers.
Yellow Banksia. A unique and truly great Southern Rose, bearing great clusters of small, double, yellow flowers in very early spring.
Zephyrine Drouhin. Vivid pink, well-filled flowers of good size; fragrant. Blooms freely in spring on thornless wood.

DWARF POLYANTHA (Baby) ROSES

Chatillon Rose. Small, double, rose flowers, borne profusely.
Dolly Varden. A bright pink Polyantha. Small, double flowers.
Gloria Mundi. Huge clusters of small, orange-scarlet flowers of a deeper tone than Golden Salmon.
Golden Salmon Superior. Improved Golden Salmon. More lasting in sun.
Ideal. Dark, velvety red flowers, freely produced.

Katharina Zeimet. Best double white Baby Rose.
Miss Edith Cavell. Small, double, deep red flowers. An excellent bloomer.
Mlle. Cecile Brunner. The well-known miniature or "Sweetheart" Rose with small, double, pink flowers.
Orleans. Cherry-red, with white eye.
Perle d'Or. A yellow form of "Sweetheart" Rose.
Sparkler. A sparkling bright red, double-flowering Polyantha. One of the best of the newer kinds.

HJORT'S FANCY CAMELLIAS, continued

GROUP 3, continued

Sasanqua. A handsome, fall-blooming Camellia. Plant grows rapidly; foliage small and distinct; profuse bloomer. We have Single Pink and Double White Sasanquas.
Sarah Frost. Very double; deep rose-pink. An old variety, but one of the most satisfactory; compact grower; hardy; profuse bloomer.
Single Red. Small; single flowers, borne in great profusion on a fast-growing, compact bush.
Unnamed. We have in limited stock about thirty varieties of Camellias which are fine, but cannot be positively named. In this lot are peony-form, semi-double, and double varieties which are good, and as they are identified they will be transferred to a higher-priced group where they belong. There are really some choice kinds here. In ordering these, please specify colors and forms desired.

CAMELLIA SHOWS

Delightful are the Camellia shows to be held at Quitman, Augusta, Columbus, and other places in February, exact dates to be announced. Many beautiful flowers grown by amateurs and professionals will be displayed. Enjoy these shows and get acquainted with the wonderful range of color and form found in Camellias! And see our collection at the Nursery.

LARGE CAMELLIAS

In tubs and cans, under lath houses and in open ground, we have many larger Camellias. Write us what you would like to have, or, if possible, come to the Nursery.

Deciduous Trees and Shrubs

	Each	12	100
1-yr. plants	\$0 35	\$3 50	\$30 00
2-yr. plants	50	5 00	40 00

EXCEPT WHERE NOTED

ALTHEA. Free-flowering shrub or small tree. We supply single and double varieties in Red, Pink, Purple, Variegated, and White. 2-yr. plants only.

AMYGDALUS (Flowering Almond). Dwarf shrub with small flowers in late winter. White or Pink. 2-yr. plants only.

CALYCANTHUS floridus. The Sweet Shrub of old-fashioned gardens. 2-yr. plants only.

CERCIS canadensis (Red-bud). With the first touch of spring this native tree is covered with reddish purple flowers. 75 cts. to \$1.50 each.

CORNUS florida (Dogwood). The native White Dogwood is one of the best flowering trees.

C. florida rubra. A pink form of the above. \$1.50 to \$2.50 each.

CYDONIA japonica (Flowering Quince). Rose-red flowers in winter. 2-yr. and 3-yr. plants.

DEUTZIA. Showy spring-flowering shrubs. White or Pink. 2-yr. and 3-yr. plants.

EXOCHORDA grandiflora (Pearl Bush). Large white flowers in earliest spring.

FORSYTHIA (Golden Bell). Late winter- and spring-flowering shrubs with golden

yellow flowers. We have upright and drooping kinds.

LAGERSTREEMIA (Crape Myrtle). A vigorous shrub or small tree with beautifully fringed flowers in summer. We have Lavender, Pink, Purple, Watermelon-red, and White.

LONICERA fragrantissima (Upright Bush Honeysuckle). Masses of fragrant, creamy white flowers in midwinter.

MALUS coronaria. The well-known native Crab-Apple.

PRUNUS Mume (Flowering Apricot). Excellent, small deciduous tree, covered with deep pink flowers in January. \$1.00 to \$3.00 each.

P. persica (Double-flowering Peach). Three varieties—Pink, Red, White. 50 cts. to \$1.00 each.

P. pissardi. Unusual shrub or small tree. Leaves red all spring and summer. \$1.00 each.

SPIRÆA. Indispensable shrubs for mass or border plantings. We supply **S. Reevesiana** (upright, double, white), **S. Vanhouttei** (single, Bridal Wreath), **S. Thunbergi** (dwarf, white).

WEIGELA. Vigorous shrub producing a wealth of bell-shaped flowers in early spring. Pink and White.

TERMS OF BUSINESS

Cash with order, or satisfactory references. If errors occur, claims must be filed promptly. We cannot control conditions after plants leave us, nor can we guarantee plants to live. Our nurseries are regularly inspected by State Entomologist and inspection tags accompany shipments; we comply with plant laws of various states.

We sell 5 plants at 10 rate; 40 at 100 rate. We advise customers to order early while stock is most complete. We prepay Roses. We do not prepay other plants.

Executive officers of our firm are S. C. Hjort, President; N. P. Hjort, Secretary and Treasurer. Address all communications and make remittances payable to Thomasville Nurseries, Thomasville, Ga.

AZALEAS AND CAMELLIAS

By H. HAROLD HUME

A valuable new book of practical information dealing with these beautiful, increasingly popular and distinctively Southern shrubs. Thoroughly describes varieties best suited for various uses and discusses questions of culture, such as soils, fertilization, and general care. 98 pages. Cloth, \$1.50.

Miscellaneous Plants

Include Hardy Cocos Palms, Bamboo (2 kinds, including dwarf), Ivy (Algerian Large Leaf and English), Liriope (Ophiopogon, large leaf, also small leaf), Violets (Governor Herrick and Frey's Fragrant), Giant Hybrid Amaryllis, Hemerocallis (Day-Lilies). Write for prices.

Evergreens for Landscape Effects

We have a wide assortment of shapely, thrifty, well-grown Evergreen Trees and Shrubs, in various sizes and at moderate prices. Write for prices.

Conifers

Arborvitae—Baker's Pyramidal, Blue-Green, Orientalis, Aurca conspicua, Beverleyensis, Pyramidalis, Rosedale, Ramsey's Hybrid.

Junipers—Pfitzer's Spreading, Stricta, Communis, Ashfordi, etc.

Chamaecyparis (Retinospora)—Plumosa (green), Aurca, Sulphurea, Veitchi (blue).

Cedrus—Deodara.

Cunninghamia—Lanceolata.

Broad-Leaved Evergreens

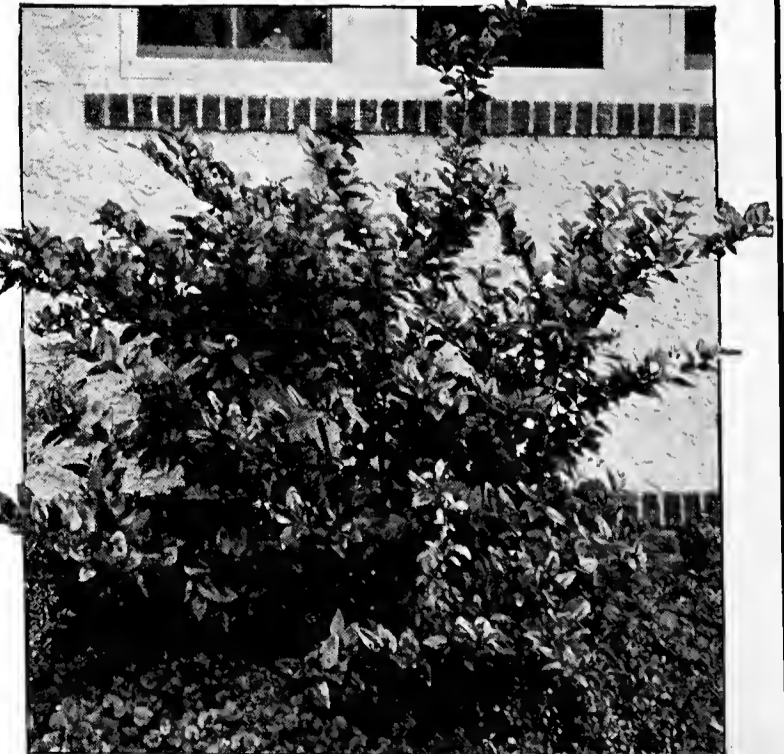

Abelia, Cleyera, Cotoneaster, Elaeagnus (4 varieties), **Feijoa, Gardenia** (Cape Jasmine), **Kalmia latifolia** (Mountain Laurel), **Ilex** (Holly), 8 varieties, **Ligustrums** (7 varieties), **Nandinas**, **Osmanthus** (Tea Olive), white and yellow, **Photinia, Pittosporum** (green and variegated), **Viburnum** (4 varieties).

Small Evergreens

From 3-in. pots, 35 cts. each, \$3.50 for 12, \$25.00 per 100.

ROSES

HJORT'S THOMASVILLE GROWN

HYBRID TEA ROSES

Ami Quinard. Deep, velvety crimson, almost as black as Nigrette. Strong grower; good bloomer.

Betty Uprichard. Orange-carmine outer petals; light salmon reflexes. Vigorous.

Caledonia. The best of the new white Roses. Large, double, high-centered.

Condesa de Sastago. A Spanish novelty of high coloring—coppery red and yellow.

Daily Mail Scented Rose. Semi-double; bright red; fragrant.

Dainty Bess. Charming, large, single wild-rose pink flowers in clusters. For exhibition, disbud, leaving one flower to grow large. This delightful Rose is a strong grower and free bloomer.

Dame Edith Helen. Soft rose-pink; large; very fragrant.

Edith Nellie Perkins. An excellent and dependable Rose for Southern gardens. Deep pink, shaded salmon; long-pointed buds.

Editor McFarland. By long odds the best new pink Hybrid Tea Rose we have tested in years. Comparable to Radiance in growth and blooming. During the hottest summer weather it was our best pink variety. Fine for cutting.

E. G. Hill. Fragrant, massive blooms of deep crimson. A fine grower and bloomer for so large a Rose. One of the best of newer kinds.

Elizabeth of York. Pointed buds and semi-double flowers of cerise-pink, shaded yellow. Fine bloomer.

Etoile de Hollande. The most generally successful of deep red Roses. Brilliant crimson; fairly double. Vigorous.

Golden Dawn. A newer deep yellow Hybrid Tea of great promise for Southern gardens.

Innocence. Large single white flowers with golden stamens.

Irish Elegance. Single variety with bronze-pink buds, opening apricot and yellow.

Irish Fireflame. Another single variety. Orange-crimson, shaded pink and gold.

Kaiserin Auguste Viktoria. The most generally satisfactory of white Hybrid Teas.

Killarney. Deep pink. Long a Southern favorite.

Killarney Queen. Sport of Killarney with larger flower of deeper pink.

Luxembourg. Long the leading deep yellow. Beautiful bud; full flower.

Margaret McGredy. Scarlet. One of the best of newer red Roses.

McGredy's Scarlet. Flower large, full, fragrant, scarlet. Growth vigorous.

Mrs. A. R. Waddell. Deep apricot. An old favorite.

Mrs. Charles Bell. The shell-pink Radiance. Large, well-shaped blooms on stiff stems. Free bloomer; even more vigorous than its parent.

Mrs. Erskine Pembroke Thom. Large; bright canary-yellow. A favorite among deep yellows.

Mrs. Oakley Fisher. Single; apricot-yellow.

Mrs. W. C. Miller. Deep pink, shaded salmon.

National Flower Guild. One of the most vigorous and free blooming of red Roses.

Ophelia. Salmon-flesh, shaded rose.

President Herbert Hoover. Flame-pink, scarlet, and yellow. Strong grower.

Radiance. By long odds the most popular of all Roses. Carmine-pink, on strong stems. Vigorous; free bloomer.

Red-Letter Day. Almost single; large petals; intense scarlet. Strong and free bloomer.

Red Radiance. Easily the leading red Rose.

Rev. F. Page-Roberts. Coppery red, opening yellow.

Roslyn. One of the best of the newer deep yellow Roses for the South.

Soeur (Sister) Therese. Long-pointed, chrome-yellow buds, opening to daffodil-like flowers.

Syracuse. The most vigorous grower and consistent bloomer of all the newer red Roses. Crimson-scarlet flowers on long stems.

Talisman. Brilliant red and gold buds, opening orange-yellow.

Una Wallace. Deep pink; fine, long-pointed bud and good flower on long stem.

Vesuvius. A fine single variety; deep crimson.

White Killarney. Sport of Killarney. A good white.

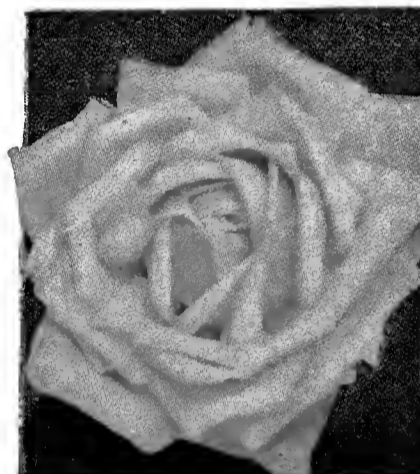

William Orr. Large, deep red, fragrant blooms on stiff stems. Give it a little extra care and get magnificent flowers.

TEA ROSES

Alexander Hill Gray. Solid yellow in bud, opening lighter.

Duchesse de Brabant. Light rose to shell-pink. An old favorite.

Freiherr von Marschall. Carmine-red. Vigorous.

Helen Gould. Bud long-pointed, opens well; fragrant; medium pink.

Isabella Sprunt. Large, double, sulphur-yellow. A strong grower.

Lady Hillingdon. Beautiful pointed buds of deep yellow.

Louis Philippe. (Bengal.) Deep crimson. Shiny foliage. Good fall and winter bloomer. Fine for hedges.

Maman Cochet. Light pink, shaded rose; long buds and heavy flower. Very fine.

Marie van Houtte. Canary-yellow, petals tipped pink. Free bloomer. Fine for the South.

Mlle. Franziska Kruger. Coppery yellow and pink. Growth very vigorous. Free bloomer.

Mme. Lambard. Bright rose, deepening in color in fall. Strong grower; profuse bloomer. A great favorite in the Lower South.

Mme. Melanie Soupert. Salmon-yellow, shaded pink. An old Rose, but one of the very best. If it were new it would be pictured and praised everywhere.

Mrs. B. R. Cant. Deep rose to light red. A good variety.

Mrs. Dudley Cross. Most vigorous of all yellow Roses. Light yellow, long, Cochet-like bud and immense flower. Free bloomer over a long flowering season.

National Emblem. Long-pointed crimson buds. Free bloomer. Vigorous.

Papa Gontier. Rosy crimson; fine long-pointed bud.

Safrano. A fine old saffron-yellow Tea Rose.

Sunny South. Pink, flushed carmine on yellow base. Growth very vigorous. Free bloomer.

White Maman Cochet. The best white Tea. We vote it the best of all white Roses for this section.

William R. Smith. Blush-pink; large, pointed bud and heavy flower on stiff stem. Always satisfactory; there never was a better Rose.

What Every Rose-Grower Should Know

Is the name of the American Rose Society's valuable handbook. \$1.10, postpaid.

Additional Rose Descriptions Inside This Folder

AMI QUINARD

KURUME AZALEA, FLAME

Hjort's Kurume Azaleas

The Kurumes, natives of Japan, fully one thousand miles farther north than the native habitat of the Indica varieties, are by far the hardiest Azaleas, and in the Lower South have stood perfectly the freezes which damaged more tender kinds. The Kurume Azaleas, contrary to popular belief, are not all dwarf growers. There are medium and tall kinds, and the widest assortment of color. We have developed a large stock of these dependable Azaleas, and our prices are lower than these plants can usually be bought for, while the quality is the best. Our plants, from smallest to largest, are shapely and well set with buds.

	Each	12	100
6 to 8 in.....	\$0 50	\$5 00	\$40 00
8 to 10 in.....	75	7 50	60 00
10 to 12 in.....	1 00	10 00	75 00
12 to 15 in.....	1 50	15 00	100 00
15 to 18 in.....	2 00	20 00	150 00

Larger specimen plants, \$3.50 to \$40.00 each.

The double varieties are marked thus *.

- ***Amœna.** Rosy purple, in dense masses. Hardy; tall, early.
- ***Carmine Prince.** Rather large for a Kurume; carmine-red. Medium, compact; rather late.
- ***Cattleya.** White, tinted with lilac, shading at the edges to mauve-pink. The latest of all the Kurumes to bloom at Thomasville. Medium.
- ***Cherry Blossom.** A favorite of the tall growers; very light pink. Somewhat late in flowering.
- ***Christmas Cheer.** Brilliant bright red; the small foliage is very dark green and compact. The earliest of the red Kurumes. Medium.
- ***Coral Bells.** Beautiful shell-pink, shading somewhat deeper at center; free flowering and dainty. The dwarfiest of the dwarfs; ultimate height 2½ feet. Early.
- Flame.** This Flame Azalea is one of the best of the Kurumes and one of the tallest growers. Midseason.
- Hinomayo.** Beautiful rose-pink; foliage small; profuse bloomer. Often used as a background planting for Coral Bells. Tall; early.
- Hinodegiri.** Brilliant scarlet; foliage rounded and deep green. A midseason bloomer, coming into flower just before Christmas Cheer has finished. Medium.
- ***Hortensia.** One of the taller pinks. Midseason.
- Irene.** A lovely new Azalea originating with us. Blush-white with deeper center. Tall; midseason.
- Lavender Queen.** A Kurume often used to edge the Indica Azaleas Phœnicia and Formosa. Medium; late.
- Orange Beauty.** This Azalea of tangerine-orange is the earliest of the Kurumes to flower at Thomasville. Growth like that of Coral Bells.
- Peach Blow.** A fine Kurume with flowers of light peach-blossom-pink. Tall; midseason.
- ***Pink Pearl.** Light pink, produced in dense clusters. Tall; midseason.
- Ramentacea.** Hardy, tall-growing Azalea related to Kaempferi. Pure white. Late.
- Salmon Queen.** Salmon-colored. One of the best of the single-flowering kinds. Medium; midseason.
- ***Snow.** The best of the white Kurumes. Medium; midseason.
- Vesuvius.** Rather large flowered for a Kurume. Brilliant salmon-red, with darker center. Tall; late.
- ***Yayegiri.** Bright flame-red. Tall; late.

Hjort's Indica Azaleas

Azaleas are the most attractive of the winter- and spring-flowering shrubs in the Lower South. Varieties of Indica Azaleas, which are mostly tall growers with a profusion of single flowers, are a mass of beauty on the northern estates and at Hjort's Azalea Woodland from February till April. All of the Azaleas we offer are stocky, well-grown plants, set with the maximum of flower-buds.

	Each	12	100
6 to 8 in.....	\$0 35	\$3 50	\$25 00
8 to 10 in.....	50	5 00	40 00
10 to 12 in.....	75	7 50	50 00
12 to 15 in.....	1 00	10 00	75 00
15 to 18 in.....	1 50	15 00	100 00
18 to 24 in.....	2 00	20 00	150 00

- Alba.** Large; single; white. Tall; midseason.
- Brilliant.** Brilliant deep pink. Small, bushy grower; late.
- Coccinea major.** Scarlet. Tall; late.
- Crœmina.** Large flower; light pink. Compact and tall; early. A fine Azalea and a favorite at Hjort's Azalea Woodland.
- Daphne Salmon.** Same as Lawsall.
- Dixie.** Salmon-red; one of the finest early Indica Azaleas.
- Duc de Rohan.** Medium-sized; salmon-pink. Early.
- Duke of Wellington.** Salmon-colored. Tall; vigorous; late.
- Elegans.** One of the best early-flowering Azaleas. Light rose-pink. Tall. We sell more Elegans than any other Azalea.
- Fielder's White.** Large; pure white. Early.
- Flame.** Same as President Clays.
- Formosa.** Large-flowered, purplish pink, dark-foliaged variety. Always in great demand and satisfactory.
- Frederick the Great.** Low, bushy, compact-growing Azalea. Deep salmon. Late.
- George Frank.** Large; rose-pink with deeper center, one of the loveliest of all Azaleas. Compact; early.
- Glory of Sunninghill.** Vermilion-red; bright green foliage and spreading habit. Late. A good variety.
- Harry Veitch.** Light pink flowers with creped petals. Low, bushy grower. One of the hardiest.
- Iveryana.** White and pink variegated. Large, white flowers, striped pink and orange. Of spreading habit; late.
- Lawsall.** Bright salmon-pink. Tall bushy grower; late.
- Omurasaki Variegata.** White and pink variegated. Large. Late.
- Phœnicia.** Large, rosy lilac to lavender flower; dark green foliage; spreading grower. One of the best Indica Azaleas.
- President Clays (Flame).** One of the best of all Azaleas. Flame-red, a delightful color through pine woodland or fronting a dark background. Rather early bloomer.
- Pride of Dorking.** Rose-red; large flower. Late.
- Pride of Mobile.** Deep watermelon-pink; large flower. Late.
- Prince of Orange.** Scarlet. Low, spreading, compact; late.
- Royal Purple.** Variable single and semi-double flowers of violet-purple; foliage dark green. Habit compact.
- Salmon.** A fine Azalea with large, clear salmon flowers and small, green foliage. Low, spreading habit; late.
- Venus.** Large; white, sometimes tinged pink. Medium grower.
- Violacea rubra.** Same as Royal Purple.
- Vittata Fortunei.** Flowers white with pink or lavender stripes, borne from October to March. Strong, open grower.
- William Bull.** The only double-flowering Indica Azalea we list. Many pomegranate-red flowers produced rather late in the Azalea season. An open, branched, picturesque grower.

MISCELLANEOUS AZALEAS

- Azalea alabamensis.** The most highly fragrant of the native Azaleas. Very rare. Pure white. \$1.00 to \$3.00 each.
- Azalea austrina.** One of the showiest of all Azaleas. It is native of the lower Southeast. Flowers are shades of yellow. Stocky plants, well set with buds, \$1.00 to \$3.00 each.
- Azalea canescens.** This fine native Azalea, commonly called "Honeysuckle," comes in shades of pink. Very hardy and satisfactory. Collected plants, 50 cts. to \$1.50 each.
- Azalea Kaempferi.** A Japanese Azalea. The hardiest for the South, and perfectly adapted to Atlanta and other localities that experience hard freezes. Four varieties, Deep Pink and Light Pink, Red, and White. Same prices as Kurume.
- Azalea macrantha.** Extremely hardy, compact grower. Deep green, roundish foliage. Single, deep pink flowers. Very late bloomer. Same prices as Kurume Azaleas.

PYRACANTHA FORMOSANA
RED HAWTHORN

EVERGREEN HAWTHORNS (Pyracantha)

The Pyracanthas hold a high place in ornamental shrubbery. The plants are of informal shape, are decorated with long thorns and bear heavy crops of flowers followed by myriads of brilliant berries. They are unsurpassed as specimens and a hedge of Hawthorns is impenetrable.

PYRACANTHA crenulata flava. An excellent new Hawthorn with clear yellow berries. The mass of white bloom in very early spring is followed by berries in summer. (Have first two sizes only.)

P. formosana (Red Hawthorn). One of the choicest of all evergreens for the South. Profusion of white flowers in summer and red berries in winter. Large, compact grower.

P. Lalandi (Upright Hawthorn). A very useful evergreen. White flowers in late spring; orange-red berries in fall.

P. Rogersiana. Has all the characteristics of *P. formosana*, except berries are orange-yellow.
